ñWe have lived here for six years and have made many improvements on our home and yard. We have never had an experience with a Landscaper (Big or Small) that even comes close to the positive one we had with Eric. Autumn Hill has a loyal customer.ò *Tammy, Canton*

ñEric and Autumn Hill Nursery did a beautiful landscape and stone wall in the front of my house. His final bill matched his estimate. He did the work on the day he was scheduled. Most of all , I can't stop looking at how beautiful his final project looks. I've had many compliments from neighbors.ò
